ITEMS FOUND AFTER DISASSEMBLE CORRECTION:

3178: Arc gouged and removed the crack from the front section of the loader frame. Rewelded the crack and touched up the weld with grinder. Touched up paint. All welding repairs have been completed. found steer cylinder pins bad and replaced when doing all cylinders, found transmission harness back when installed back into machine, replaced with new. wrong harness was ordered for rear frame , ordered new and swapped out in machine after engine and transmission were installed. ordered transmission hoses from komatsu to replace old ones.
